Energy Flow Notes

Food Chain: diagram that shows how one set of organisms get their **energy**.
source of energy

Consumer: eats/consumes food energy (sugar)

- 1st Level: eats plants
- 2nd Level: eats 1st level
- 3rd Level: eats 2nd level

Food Web: Many interconnected food chains. Shows how **energy** flows in entire ecosystem.
source of energy

→ **Arrows** Show the flow of energy
 Start at source, points to eats it.
